

The 26 Annual Conference הכנס השנתי ה-26

of the Israel Society for Dermatologic Surgery
של החברה הישראלית לכירורגיה דרמטולוגית

Sep.04.2024 | Hilton Hotel, TLV ▲

כמו כן, עשינו מאמצים גדולים לקיים תערוכה מסחרית רחבה ורצינית שתאפשר לחברים לבוא במגע בלתי אמצעי עם החברות המובילות בתחום.

אני רוצה להודות לכל החברות אשר לוקחות חלק בכנס - לא היינו יכולים להצליח להרים כזה כנס בלעדיכן.

אנחנו מקווים גם שמרכז הכנסים של מלון הילטון תל אביב ישמש מקום נוח אשר יאפשר מפגש בין עמיתים למקצוע ושילוב חיוני בין מקצוענות ולימוד לקשרים חברתיים ואישיים.

אני מאחלת לכולם כנס מהנה ופורה !

בברכה,

ד"ר להבית אקרמן

יו"ר הכנס והחברה הישראלית לכירורגיה דרמטולוגית

עמיתים יקרים,

בשם ועד החברה הישראלית לכירורגיה דרמטולוגית, ברוכים הבאים לכנס השנתי ה-26 של החברה הישראלית לכירורגיה דרמטולוגית!

בראש דברי, ברצוני להודות לכל אלה אשר לקחו חלק בארגון הכנס השנה לרבות חברי הועדה המארגנת, הועדה המדעית וצוות חברת קלידוסקופ - שיתוף הפעולה הפורה איפשר לנו להביא לכם את הכנס המקצועי ביותר.

כמידי שנה יוצגו במהלך הכנס החידושים האחרונים בתחום הכירורגיה דרמטולוגית מהארץ ומהעולם אולם השנה החלטנו לשים דגש על נושאים רלבנטיים כמו מקומינו ברשתות החברתיות ואיך לעשות את זה בצורה מקצועית ואתית, איך משלבים טכנולוגיות חדשניות וותיקות וכן אנו ממשיכים בתכנית הלימוד למתמחים גם בכנס עצמו! הכנס משלב חדשנות יחד עם לימוד והקניית ידע מעשי.

אנו מתברכים ומתכבדים בהשתתפותם של מרצים בעלי שם מהשורה הראשונה מחו"ל לצד בכירי הרופאים העוסקים בתחום מהארץ בין השאר ד"ר קרונין נשיא איגוד הדרמטולוגים האמריקאי ועוד.

הרכבנו תכנית הכוללת מגוון רחב של נושאים בכירורגיה האסתטית ולא - אסתטית. נסינו לכסות ולתת ביטוי הולם לכמה שיותר נושאים במגבלות הזמן של כנס חד יומי על מנת לייצר כנס מקיף, מקצועי חדשני אך מלמד ופרקטי.

Dear colleagues,

On behalf of the board of the Israel Society for Dermatologic Surgery, We look forward to welcoming you to the 26th Annual congress!

First of all, I would like to thank all those who took part in organizing this year's conference, including the members of the organizing committee, the scientific committee and the Kaleidoscope team – this fruitful cooperation allowed us to bring you the most professional conference.

As every year, the latest innovations in the field of dermatologic surgery from Israel and the world will be presented during the conference, but this year we decided to emphasize such relevant topics as our place in social networks and how to do it in a professional and ethical way, how to combine old and innovative technologies, and we are also continuing the study program for interns in the conference itself! The conference combines innovation together with learning and imparting practical knowledge.

We are blessed and honored by the participation of renowned invited speakers from abroad alongside the senior doctors from Israel, notably Dr. Cronin, President of the American Academy of Dermatology,

and more. We put together a program that includes a wide variety of topics in aesthetic and non-aesthetic surgery.

We tried to cover and give adequate expression to as many topics as possible within the time constraints of a one-day conference in order to produce a comprehensive, professional, innovative yet instructive and practical conference.

Also, we made great efforts to hold a broad and serious trade exhibition that would allow members to come into direct contact with the leading companies in the field. I would like to thank all the companies that take part in the conference – we could not have managed to hold such a conference without you.

We also hope that the conference center of the Hilton Tel Aviv Hotel will serve as a convenient place that will allow a meeting between colleagues in the profession and an essential combination of professionalism and study with social and personal connections. I wish everyone a fun and fruitful conference!

Best regards,

Dr. Lehavit Akerman

Chairperson of the Conference and of The Israel Society for Dermatologic Surgery

INVITED GUESTS

Dr. Leonard H. Goldberg

Dr. Goldberg, a fellow of the Royal College of Physicians, is world-renowned in the field of dermatologic surgery. He is a leader in Mohs micrographic surgery and is both a recognized speaker and author of more than 300 publications on this subject.

He was Chief of Dermatologic Surgery at Baylor College of Medicine and is a member of numerous professional societies and committees, including the American Academy of Dermatology. He is a Fellowship Director for the American College of Mohs Micrographic Surgery and Cutaneous Oncology and a President of the Houston Dermatological Society. Dr. Goldberg is an active staff member of the Methodist Hospital and a Program Director of The Procedural Dermatology Fellowship sponsored by the Methodist Hospital - Houston.

Dr. Goldberg is Clinical Professor at the Weill-Cornell Medical College, Department of Dermatology, The Methodist Hospital, Houston, TX, and Clinical Professor of Dermatology at the University of Texas Medical School - Houston, TX.

Professor Jonathan Kantor

Professor Jonathan Kantor is editor-in-chief of JAAD International, the author/editor of four textbooks published by McGraw-Hill (including *Dermatologic Surgery*, now entering its second edition), and the author of over 150 scholarly publications.

He is affiliated with the Department of Dermatology, Center for Global Health, and Center for Clinical Epidemiology and Biostatistics at the University of Pennsylvania Perelman School of Medicine. He is a three-time recipient of the AAD Presidential Citation Award, a recipient of the Member Making a Difference Award from the AAD, and a winner of the best paper of the year award in *Plastic & Reconstructive Surgery*.

Jonathan's work has been the subject of editorials in every major dermatology journal. He has also been associate editor of JAAD and Dialogues in Dermatology, is on both the Mohs Appropriate Use Committee and Guidelines Committee for the AAD, and was a member of the Reconstruction after Skin Cancer Resection Guidelines Committee for the American Society of Plastic Surgeons. In addition to his academic and teaching responsibilities, he has a busy private practice in Florida.

Dr. Yakir Levin

Dr. Yakir Levin, M.D., Ph.D., is Instructor of Dermatology at Harvard Medical School and a clinical and research faculty member at Massachusetts General Hospital. He practices clinically in MGH's Department of Dermatology, where he specializes in medical dermatology and in procedures to treat congenital lesions in children as well as cosmetic concerns in adults. He conducts research at MGH's Wellman Center for Photomedicine. His work, which focuses on the development of novel technologies to address unmet clinical needs in dermatology and related fields, has led to several patent filings. He is currently developing novel approaches to the nonsurgical treatment of congenital melanocytic nevi and to the treatment of hyperhidrosis.

Dr. Levin completed his MD and PhD (Electrical Engineering) degrees at Stanford University and his dermatology residency at Boston University. Following these, he completed a clinical and research fellowship at the MGH laser and cosmetic center and at the Wellman Center under the mentorship of Dr. Rox Anderson and Dr. Mathew Avram.
